

2018 ACUMA WORKSHOPS

TAKE A DEEP DIVE INTO HOT TOPICS

ACUMA's Annual Workshops have gained quite a following among mortgage-lending credit unions. Each attendee receives an in-depth opportunity to hear and discuss the latest industry developments and interact with mortgage experts and credit union leaders.

You'll gain access to the knowledge you need to compete. The workshops will take you on a "deep dive" into each hot topic. It's the same program, presented in two cities. Attend either event.

The workshops hit all the hot topics—compliance, regulatory environment, secondary market features, etc.—as well as areas that are becoming more important, such as the emerging digital mortgage landscape. In addition to the expert presenters, we'll also feature your credit union peers sharing their "routes to success" in popular talk-show formats.

You'll have an opportunity to talk with both the experts and your peers: Q&A's are part of the program, and discussions are encouraged at our informal meal and reception gatherings (breakfast and lunch each day is included, as well as an opening night reception). It's a great way to develop your professional network.

Attend this year's ACUMA Workshop. Join the leaders in credit union mortgage lending at the premier working session of the only CU association solely devoted to mortgage lending.
